

Get to Know Your Florida Trade Team

Did you know about the many organizations that provide free export assistance to Florida companies? Refresh your memory with our upcoming webinar!

Join **Enterprise Florida** for a free webinar on the federal and state resources available to Florida businesses to support export activity. With speakers from the **U.S. Commercial Service**, **Small Business Administration**, **Small Business Development Center**, and a company testimonial, you will learn about the updated resources, programs, and grants available for increasing international sales.

This webinar will include information on virtual resources in addition to in-person programming. The presenters will walk you through market research opportunities, export financing, introductions to potential buyers, as well as grants to support your export process from start to finish!
